## PROGRAM DESCRIPTION

Learn the principles and practice tools you need to use the discovery process to your advantage and to gain the edge for settlement or trial. Judges, Masters and experienced litigators share tried and true techniques for gathering information, obtaining admissions, testing theories, and assessing witness credibility. Learn the how, when and why of giving and responding to objections, refusals, and undertakings, plus practical tips for dealing with challenging witnesses and difficult opposing counsel. Hear about the anticipated impact of the new Rules of Civil Procedure relating to discovery. Do not conduct or defend a discovery without first attending this presentation. This program is a staple in new litigator development.

This program has been accredited by the Law Society of Upper Canada for 6 hours towards the professional development requirement for certification.
